## Objective

I am a passionate and energetic individual seeking opportunities to put my animation skills to use. I am constantly learning new things and hope to further myself as an artist and an animator by becoming an active member of an animation team.

## Skills

- Clear understanding of keyframe and motion capture animation techniques paired with strong acting skills and facial animation
- Trained in many different aspects of 3D such as modeling, rigging, and texturing
- Well-balanced education with a background in traditional studio art
- Proficient in Softimage XSI, MotionBuilder, Maya, Photoshop, Illustrator, InDesign, Dreamweaver, Premiere, After Effects, and Final Cut Pro
- Programming Languages: Java, Javascript, C++, Xhtml, Asp.net

## Education

Vancouver Film School (2008-2009)      Diploma in 3D Animation and Visual Effects

- Awarded VFS Festival Scholarship for August 2009
- Short film chosen to screen at 2010 Tiburon Film Festival

University of Iowa (2004-2008)      B. A. in Computer Science and Art:Studio Emphasis (Graphic Design)

- Graduated with Honors in Art:Studio Emphasis

## Employment

Animation Intern (Current)      Pendulum Studios

- Animated standard gameplay moves using keyframe and mocap techniques, cleaned up mocap data

Web Developer (2006-2008)      University of Iowa Alumni Association

- Built, designed, coded & maintained webpages, oversaw development of various sections of the website.

Research Assistant (2005-2006)      University of Iowa Hospital

- Built & managed databases, entered data, directed phone calls, assembled patient visit packets.

Violinist (2002-2004)      Miscellaneous

- Hired for solos, quartets & orchestras; generated publicity, organized gigs, & ordered/supplied music

Waitress (2002-2004)      Jerry's Family Restaurant

- Handled money, performed various closing up duties, and provided customer service
